Brand Guidelines

PRIMARY LOCKUP

On dark

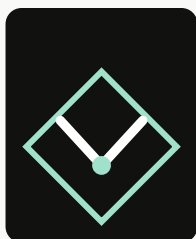

On light

On teal

ICON SIZES

64px

48px

32px

20px

14px

CLEAR SPACE & MINIMUM SIZE

Always maintain clear space equal to the height of the 'V' stroke around the logo mark.

Minimum display size: 14px icon / 80px wordmark. Never scale below this.

DON'TS

- ✗ Do not stretch or distort
- ✗ Do not place on busy backgrounds
- ✗ Do not use off-brand colors
- ✗ Do not add drop shadows or effects

PRIMARY — VIGIL TEAL

Teal 800 #085041	Teal 600 ★ #0F6E56	Teal 400 #1D9E75	Teal 100 #9FE1CB	Teal 50 #E1F5EE
----------------------------	------------------------------	----------------------------	----------------------------	---------------------------

NEUTRALS

Gray 900 #2C2C2A	Gray 400 #888780	Gray 100 #D3D1C7	Gray 50 #F1EFE8	Surface #F9F9F8
----------------------------	----------------------------	----------------------------	---------------------------	---------------------------

ACCENTS — STATUS USE ONLY

Blue 50 #E6F1FB	Blue 400 #378ADD	Amber 50 #FAEEDA	Amber 400 #BA7517	Green 50 #EAF3DE	Green 400 #639922

USAGE GUIDE

- **Teal 600** — Buttons, links, active states, logo — primary brand moment
- **Teal 400** — Hover states, highlights, subhead accent color
- **Teal 50** — Icon backgrounds, badges, eyebrow pills, tinted surfaces
- **Gray 900** — Body text and headings — slightly warm, softer than pure black
- **Gray 400** — Secondary text, captions, timestamps, placeholder copy
- **Blue / Amber / Green** — Status indicators only — info, warning, success. Not decorative

TYPEFACE — INTER

Primary typeface across all surfaces — web, app, print. Open source, zero licensing cost.

Download: fonts.google.com/specimen/Inter

TYPE SCALE

H1

Page titles, hero headline

H2

Section headings

H3

Card headings, labels

Body

Thought content, dashboard text

Small

Captions, tags, filter pills

Micro

Timestamps, metadata

WEIGHTS

Two weights only:

400 Regular — body text, captions, UI elements

500 Medium — headings, labels, button text

× Never use 600 Bold or 700 Heavy — too heavy against the UI

TAG SYSTEM — SHAPE ENCODES MEANING

Rounded pill = category (what kind of thought). Square badge = routing (where it goes).

Category pills (rounded)

Save

Primary — Teal 600 fill

Filters

Secondary — outline

BRAND PERSONALITY

Calm

Never urgent. Never alarming. The product holds things so the user doesn't have to feel anxious about them.

Confident

Direct and clear. No hedging. If Vigil says it captured something, it did.

Empathetic

Built for ADHD brains. Knows that friction is the enemy. Meets the user where they are.

Quiet

The product should feel like it's working in the background. It doesn't demand attention.

WRITING GUIDELINES

Do

- ✓ Use plain, direct language
- ✓ Speak to the user's relief, not their problem
- ✓ Short sentences — ADHD brains appreciate brevity
- ✓ First person for the product: 'Vigil captured this'

Don't

- × Don't use productivity jargon (synergy, leverage, etc.)
- × Don't be clinical or cold — this holds personal thoughts
- × Don't over-explain — trust the user
- × Don't use ALL CAPS for emphasis

HEADLINE EXAMPLES

- ✓ The assistant your brain has been asking for.
- ✓ Everything captured. Nothing forgotten.
- ✓ Stop losing thoughts. Start losing nothing.
- ✓ Your brain can finally let go.
- × VIGIL: THE #1 PRODUCTIVITY APP!!!
- × Utilize our AI-powered synergistic capture solution.
